

Bridge Deck and Underside Waterproofing

1. Use the Krystol Leak Repair System to treat leaking cracks and joints. Refer to Application Instruction 5.12 — Waterproofing Cracks, Holes and Joints. (Note when waterproofing cracks from the top side it is not necessary to use Krystol Plug.)
2. Apply Krystol T1 and T2 surface treatment to protect from water intrusion and de-icing salts. Refer to Application Instruction 2.11 — Waterproofing with Surface-Application (Brush Method) or Application Instruction 2.12 — Waterproofing with Surface-Application (Spray Method).
